

2009 ABRF Poster Award Winners

[Alexander Ivanov](#)

Searching for Efficient and High-Throughput Alternatives for Essential Sample Preparation Techniques in Mass-Spectrometry-Based Functional Proteomics. A.R. Ivanov, E.M. Freeman, Y. Margolin. *Harvard School of Public Health, Boston, MA. United States*

[Carrie Nicora](#)

Protocol Development for Protein Extraction from Sediment Bound Microbes for Bioremediation Purposes. C. Nicora, M. Lipton, J. Turse, A. Norbeck, R. Smith. *Pacific Northwest National Laboratory, West Richland, WA, United States*

[David Friedman](#)

Proteome Changes between Genetically-Related Helicobacter Pylori That Differ in Carcinogenic Potential Revealed by DIGE/MS. D.B. Friedman, A.T. Franco, D.A. Israel, R.M. Peek Jr. *Vanderbilt University, Nashville, TN, United States*

[Torbjorn Pattersson](#)

Surface Plasmon Resonance (SPR) based Sensing of Transfer across Biological Membranes. M. Brändén¹, S. Tabaei¹, T. Pettersson², F. Höök¹ *¹Chalmers University of Technology, Göteborg, Sweden; ²Layerlab AB, Göteborg, Sweden*
