

Re: Proteomics Standards Research Group sPRG2007 Survey Open

Dear Colleague,

This is to notify you that the survey for the Proteomics Standards Research Group (sPRG) 2007 study is now open. Please submit your data before the deadline, January 29, by filling out the survey at <http://www.surveymonkey.com/s.asp?u=994683019041> and uploading supporting files at <http://www.proteomecommons.org/dev/abrf-2007/>. We recommend that study participants use SwissProt as their database of reference for protein identifications.

Please submit whatever data you have, even if it is incomplete. We are just as interested in information about unsuccessful analyses as we are in successful analyses. All results are compiled in a completely anonymous manner, so there is absolutely no need to feel shy about submitting negative results.

If you have any questions about submitting supporting data, please e-mail Jayson Falkner at jfalkner@umich.edu. Any other questions should be sent to Mary Ann Gawinowicz at mag4@columbia.edu.

We thank you for your support of the ABRF. We look forward to your participation in this study and your help in producing a community standard.

Sincerely,

The ABRF Proteomics Standards Research Group

Phillip Andrews
David Arnott
Mary Ann Gawinowicz (Chair)
Jeffrey Kowalak (Co-chair)
William Lane (EB liaison)
Kathryn Lilley
Rachel Loo
Larry Martin
