### 4. FIRST AID MEASURES

**In case of eye contact:** Rinse eyes with plenty of water for at least 5 minutes. Remove contact lenses. If eye irritation persists, get medical attention.

**In case of skin contact:** Product is intended for contact with skin. If irritation occurs, rinse with plenty of water. If skin irritation persists, get medical attention.

**If swallowed:** Rinse mouth with water. Drink 1-2 glassed of water. Never give anything by mouth to an unconscious person.

**If inhaled:** If breathed in, move person into fresh air. If any breathing difficulty or discomfort occurs and persist, obtain medical attention.

**Notes to medical doctor:** This product has low oral and inhalation toxicity. It is not skin sensitizer and is non-irritating to the skin and eyes.

### 5. FIRE FIGHTING MEASURES

**Extinguishing Media:** Alcohol-resistant foam, dry chemical, carbon dioxide (CO2), water mist.
Unsuitable Extinguishing Media: water spray jet

Fire/Explosion Hazards: Highly flammable liquid and vapor. Explosive vapors can form if heated.

Fire Fighting Procedures: In the event of fire, wear self-contained breathing apparatus. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Standard procedure for chemical fires.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment, and emergency procedures: Ensure adequate ventilation. Remove all sources of ignition.

Environmental precautions: Do not let product enter drains.

Methods and materials for containment and cleaning up: Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Shovel into suitable container for disposal.

7. HANDLING AND STORAGE

Precautions for safe handling: Use the product under well-ventilated conditions. Take necessary action to avoid static electricity discharge. Use spark-free tools and explosion-proof equipment. Smoking and open fire prohibited. Wash your hands before breaks, before toilet visits and after finishing work. Running water and eye shower must be available.

Conditions for safe storage: Keep safe and inaccessible to children. Store in well-sealed original packaging. Storage temperature: 0-30 °C. The product belongs to class 1 (Flammable liquids).

Specific end use: None
